Baseball.

Yes, Ruben Stumbling Bear can hold first base; Paul Adams can hold second, and Alfred Schmidt can hold third; You can't get the ball by our shortstop, Frank Dietrich; when C. Pack gets in centerfield and yells for Thaine Strickland and Glen Cox to get on their feet, you had better not knock the ball to the outfield. Our pitcher, E. Schmidt, can wind up and whiff the man at bat. Earl Kingsley, catcher, says: "Watch me peg second." Those are not all the good players we have. If you think A. Bagsdale, Murff Elliott, Willard Schlegel, Alvin Dyer, Dan Chaband Robert Tully, and many more can't play ball, come out and see.

We played the Alden Independents Friday an 18-18 game. Everyone had lots of fun.

The team goes to Stocker next Friday, and of course to win. Come on, pep squad, give us the same pep you did last week and we'll win.

Alden to Have Orchestra.

After a very lively pep meeting last week, Mr. Beverage called a meeting for the purpose of organizing a high school orchestra.

We had our first meeting Thursday night at the Will Giles home. Lois Dietrich was there with a uke, Jessie Kingsley with a uke, Earl Kingsley with a violin, Naomi Giles with a Hawaiian guitar, Jack Chaband with a harmonica, Miss Elrod with a trumpet, Mr. Beverage with guitar and Miss Padget and Myrl White were our pianists. Others are expected to join. Let's make it a success.

Entertains Seniors.

Miss Velda Calder, a former student of Alden, entertained the senior class of this year and the senior class of last year at her home last Wednesday night. After playing a few games the students sang a few songs. Refreshments of lemonade, cake and bananas were served. All enjoyed the affair very much.

This week in school means plenty of concentration as the six-weeks' examinations will be given.

The baseball game with Lake Valley Friday disappointed us by four points. There was a large crowd out to see the last conference game and the pep club did its duty, but the boys were unlucky. The score was seven and four in favor of the Lake Valley boys.

child will be given plenty of time to attend the fair.

All high school students will recall that Friday is the day for enrolment. If we are to complete the enrolment in one day it is essential that you report on schedule time.

The following requirements for graduation from the Carnegie high school will admit you without examination to any college or university in the state of Oklahoma, except the Oklahoma College for Women at Chickasha. This school requires one year of foreign language for entrance. I surgest that girls who contemplate attending this school take Spanish as an elective in high school. Required subjects are:

English, four years; history, two years, one year must be American; mathematics, two years, geometry must be one; science, one year.

The above are nine of the sixteen units required for graduation. The other seven may be elected by the student with the advice of parent and teacher.

Last year nineteen boys and girls who have graduated from the Carnegie high school were enrolled in our state university alone. Out of this number, some of them made the highest grades in the university. This is a good showing for our high school in the eyes of the university. Let each student work to keep the scholarship in our school on such a plane that it will be an honor to hold a diploma from the Carnegie high school. If we can do this, the schools of higher learing will continue to bid for our graduates.

Yours for better schools in Carnegie.
