The Golden Chain class of the Tulip Church listed George Riley's death as 1821. The original *Cemeteries of Eastern Greene County* book listed his death as 1871. If he did die in 1821, it was 35 years before the next dated marker, that of Levi Brighton, was set. An early history of Greene County reports that Levi Brighton was the first person buried in the Tulip Cemetery.

From Tulip Cemetery

Remember me as you pass by for I am in eternity

Mark the perfect man and behold the upright
For the end of that man is peace

Watch therefore for ye know not what hour your Lord doth come.
